

Key professional experience

Richard has practiced as a Building Surveyor and Building Code Consultant in the municipal and private sectors for more than 27 years, consulting to the building industry on all aspects of building code, regulation and control.

Since joining Philip Chun in 1994, Richard has specialised in building and fire life safety consulting and design certification. He has been the Principal and relevant Building Surveyor for several intricate and large scale developments, having extensive experience in the state (Victoria), federal and private healthcare sectors as well as the retail and residential industries.

Richard has performed the role of Independent Reviewer and Independent Certifier in several public-private partnership (PPP) projects and is also involved in major airport redevelopment projects.
