

Key professional experience

Antony has more than 20 years of experience in the building industry, specialising in municipal and private sectors. Antony joined Philip Chun in 1996 and since then, has provided consulting services to the building industry in relation to essential services, building code, fire and life safety, and building regulation and control.

Antony manages Philip Chun's team of specialist Essential Services Consultants. He assists in essential service compliance auditing and ensures building owners' statutory obligations are met with respect to the ongoing safety, operation and maintenance of building essential safety measures in various public, commercial, healthcare, industrial and residential buildings. He is a registered building practitioner in Victoria, New South Wales, Queensland and South Australia.
