

Key professional experience

Robert has been working in the construction industry for over 30 years as a building regulation and fire safety consultant. Robert's extensive experience in the construction industry, ranges from residential projects to multi-storey office, hotel and retail developments. He has expertise in health and public assembly building assessment, including work on new hospitals. In addition, Robert has assisted as an expert witness on a wide range of legal building matters.

Robert has participated in government working parties on changes to legislation and regularly lectures at the University of Technology, Sydney. He regularly assists government with issues relating to the profession of building surveying and the process of legislation relating to construction approvals as well as being a regular presenter at various industry conferences and forums. Robert is a founding and executive board member of the Association of Accredited Certifiers, and in 2012, he was appointed a Director on the Building Professionals Board in New South Wales. Robert co-founded Philip Chun in 1990.
