

ACCESS CONSULTANT

Location	Brisbane Office
Employment Type	Fulltime
Start Date	ASAP
Requirements	Must be an Australian Citizen, Permanent Resident or hold full working rights in Australia.

ABOUT PHILIP CHUN

Philip Chun is a leading building compliance consultancy, providing expert advice across building code, accessibility, and essential services. With a national presence, our Access team supports a diverse range of projects, helping deliver inclusive and compliant built environments.

YOUR NEW OPPORTUNITY

We're seeking an Access Consultant to join our Brisbane office. This role is ideal for someone who is passionate about inclusive design and keen to develop specialist skills in accessibility, with full training and mentoring provided. You'll work alongside experienced Access Consultants on a diverse portfolio of projects, helping to ensure buildings and public spaces are safe, equitable and usable for people of all abilities.

You may already be working as an Access Consultant, or wanting to move into the field from any of the below professions:

- Architecture
- Landscape architecture
- Interior design
- Building Surveying
- Other like design professions
- People experienced in health care consulting and design

WHAT YOU'LL BRING

You are proactive, detail-focused and genuinely interested in accessibility and the built environment. You will ideally bring:

- Completed Bachelor of Design, Architecture, Interior Architecture or a related discipline.
- Access consulting experience not essential – full training will be provided.
- Knowledge of the Building Code of Australia and relevant Australian Standards (including the AS 1428 series) will be highly regarded.
- Clear written and verbal communication skills, with strong attention to detail and proactive problem-solving skills.
- Willingness to learn, take direction and work collaboratively in a team environment.
- Good organisational skills, including the ability to manage time and meet project deadlines.
- Detail-oriented, analytical, and solution-focused.

WHAT YOU'LL BE DOING

Under the guidance of senior professionals, you will:

- Review architectural drawings and develop documentation for accessibility compliance.
- Conduct accessibility audits of existing buildings and public infrastructure.
- Attend site inspections for new builds and refurbishments.
- Provide advice on design compliance under the Disability Discrimination Act (DDA) and Disability (Access to Premises – Buildings) Standards.
- Assist in the preparation of performance solution reports and accessibility strategies.
- Contribute to clear, well-structured written reports and practical recommendations for clients.

You'll gain exposure to a wide range of project types, including:

- Healthcare facilities, including major hospitals.
- Airports and other public transport infrastructure.
- Educational facilities across schools, TAFE and universities.
- Residential towers and mixed-use developments.
- Stadiums and major public venues.
- Public realm and parklands.

WHAT WE OFFER

- Structured learning and mentoring from experienced Access Consultants and industry leaders.
- Financial support for further study (including Certificate IV / Diploma in Access Consulting) plus paid study leave.
- A collaborative, friendly team culture in a growing Brisbane office, with exposure to national projects.
- Opportunities to work on high-profile, large-scale developments across multiple sectors.
- Clear career pathways, including support towards Accreditation with the Access Consultants Association (ACA).
- Ongoing CPD (where required for Associate and Accredited ACA members), technical training, and leadership development opportunities.
- Additional 3 days leave between Christmas and New Year.
- An inclusive, professional environment where your contribution is valued.

APPLICATION

Please submit a cover letter outlining your experience and CV to craig.fafeita@philipchun.com
