

Key professional experience

Andrew has been a Building Code and Fire Safety Consultant in the municipal and private sectors for more than 11 years. In that time, he has provided professional advice to the building industry on all aspects of building control, codes and regulations, for small and large commercial, industrial and residential projects.

As a Senior Building Surveyor, Andrew is responsible for processing building permit applications and inspecting building works. He also prepares audit reports for existing buildings.

Qualifications

- Graduate Certificate in Performance Based Building and Fire Codes, Victoria University, 2008
